

PRINTING GUIDE

BOLD, BEAUTIFUL & UNSTOPPABLE

1

OPEN YOUR PDF

Download and save the PDF, then open it in a PDF reader. You can print the complete book or select your favorite pages.

2

CHOOSE YOUR PRINT SETTINGS

Use US Letter paper (8.5 x 11 inches), portrait orientation, and Actual Size / 100%. Turn off double-sided printing. If the preview clips any content, choose Fit to Printable Area.

3

SELECT COLOR OR BLACK & WHITE

Print the cover in color for the vibrant design. Print the coloring pages, ownership page, and closing page in black and white using normal or high quality.

4

PICK YOUR PAPER

Regular printer paper works well for crayons and colored pencils. For markers or framing, choose heavier paper that your printer supports.

5

PRINT A TEST PAGE

Check one page first for sharp outlines, complete lettering, and clear margins. Once it looks right, print the remaining pages.

6

COLOR, DISPLAY & ENJOY

Place a scrap sheet beneath your page when using markers. Let the artwork dry before framing. Choose a frame that shows the full illustration and affirmation.
